Xcom 2 Crash Log

68GB Then randomly reading through the combat logs, I keep finding stuff like this: ADVENT Shieldbearer uses Overwatch Shot against Lt.. Normally those higher tier logs dont write until certain things trigger it Continue this thread level 2 Original Poster 1 point 4 years ago Ha.. So, it is suggested to scan your PC with the professional PC Repair Tool and solve different errors easily.. So if you feel like you dont need that files (you dont), then feel free to remove them.. Why is it that I thought of this tweet when I saw that last part XD View entire discussion (40 comments) More posts from the Xcom community Continue browsing in rXcom rXcom Welcome to Xcom 93.. Tier 1 logs will write very little stuff, only the basics and whatnot Higher tier logs will write and write about every minute little fucking thing.. The players are unable to save the game or during loading this game they encounter an error that the saved file is corrupted.. Now I know why Thats kinda crazy Original Poster 2 points 4 years ago Thats some sensitive anti-virus software.

Look, I know you kids dont remember days when having 5 gb HDD made you coolest nerd in the basement, but even you must at least rise your eyebrow when you see 3 gigs of text files.. DocumentsMy GamesXCOM2XComGameLogs folder and holy shit it was like 2-3 gigs of data.. I dont recall it crashing half a dozen times in one day, though oO Thanks for the heads-up level 1 1 point 4 years ago I had the same thing in EW.. All rights reserved Back to top Cookies help us deliver our Services By using our Services or clicking I agree, you agree to our use of cookies.. Now, over 1 month Ive been playing this game I had 2 CTDs and multiple problems with mods, which made game fail flat on start-up, usually caused by modders (I luv u ppl) screwing up something in the code.
